Correspondence Regarding E-Filing

The Advocates/Professionals are aware that this Tribunal is working on a 100% E-Filing basis. They are, therefore, requested to upload their comments/responses, if any, on the defects pointed out or for any other reason in respect of an E-Filed matter directly on the E-Filing portal as “any other document” and refrain from sending E-mails in this regard to the registry. The responses/comments, if any, should be duly signed, dated and scanned and be uploaded along with other documents of a particular diary number. Needless to mention that the printed copies of the correspondence, if any, are to be submitted at the time of filing hard copies at the registry after the numbering of the matter.
